MARY ELIZABETH WILLIAMS KEYNOTE:

Tell Me What's Going On: How Tactical Empathy Can Transform Cancer Care

Friday at 9:00 AM

Achieving the professional specialty certification of Oncology Certified Nurse (OCN) is a validation of a nurse's clinical experience and knowledge, a professional accomplishment recognized by patients and peers. Our review course is an intensive training devoted to oncology nurses.

[NNECOS.ORG/OCN](https://www.nnec.org/ocn)

This nursing continuing professional development activity was approved by the Northeast Multistate Division Education Unit, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
